Alexandr Antonov

Front-End Developer **3+ years** experience | React & TypeScript

Timezone: UTC+2 / Tel.: +373 79 979 101 / E-mail: alexandr.antonov.dev@gmail.com / [LinkedIn](#)

SUMMARY

I am a detail-oriented Front-End developer with **3+ years** of experience working in large-scale e-commerce and startup environments. Specialises in building high-performing, scalable web applications using React and TypeScript. Demonstrated impact on the modernization of architecture, delivery speed and user engagement. Open to remote work in international teams (EU/US).

SKILLS

- JavaScript (ES6+), TypeScript
- React, React Native, Redux, MobX, GraphQL, Vite, REST API, Jest, Tailwind, SCSS, Material UI, Figma
- Node.js, Docker, npm, pnpm
- SQL: MySQL, PostgreSQL
- Git, CI/CD, Agile, SCRUM, Accessibility (a11y)
- Strong code review, testing, and automation skills
- Collaborative async & cross-timezone teamwork, Performance Optimization

PROFESSIONAL EXPERIENCE

Frontend Developer at Zalando SE *(January 2024 – Sep 2025)*   Berlin, Germany/Remote

A leading European e-commerce platform in the fashion and lifestyle sector.

- Refactored legacy React codebase to TypeScript, reducing bugs by **40%** and cutting maintenance time by **35%**.
- Connected REST APIs to Vite components, improving rendering performance by **25%**.
- Increased the number of unit tests from **4678** to **5150** to improve code reliability.
- Collaborated remotely with **4** cross-functional teams using Agile methodology.

Web Developer at Crawless *(September 2022 – November 2023)*   Singapore, Singapore/Remote

A Singapore startup specializing in building web and automation solutions for small and medium-sized businesses.

- Migrated the application from a monolithic architecture to micro-frontends, which reduced cold build time by **26%**.
- Reduced code review time by **44%** by creating a corporate code style and integrating linter to CI.
- Created reusable React + TypeScript UI components, which sped up development and simplified subsequent maintenance.
- Worked in Agile sprints, helped review code, and improved our CI/CD pipelines for faster release of updates.

OTHER EXPERIENCE

FitLife

React Native mobile app for personalized fitness plans based on artificial intelligence.

- Created and launched a React Native app featuring adaptive training plans generated using artificial intelligence.
- Developed modular code and adaptive layouts to ensure the app could be scaled up to support over **10,000 users**.
  Implemented secure local storage, user profile management, and real-time interaction with the user interface, achieving over **95%** user satisfaction

EDUCATION

Gheorghe Asachi Technical University of Iași   Iasi, Romania

B.Sc. in Computer Science (2021 - 2025)

- Academic Coursework: Algorithms, Data Structures, Web Technologies, Databases, Software Engineering.
- Developed multiple academic and independent projects using React, TypeScript, and SQL.
- GPA: 3.7 / 4.0

ADDITIONAL INFORMATION

- Languages: English (B2+), Russian (Native), Romanian (Native)
- Other important achievements: 1st Place – Tekwill National Contest (Web Development, 2023)
